

The Recycling Art

by: Marina Guitian, Lucía Del Río & Guzmán San Ementerio

INDEX

- 1.-The three “R’s”.
- 2.-What’s recycling?
- 3.- Reusing plastic and metals.
- 4.-Project with recycling materials in class.
- 5.-The art with a recycling materials.
- 6-What happens if you do not recycle it ?

THE 3 R's

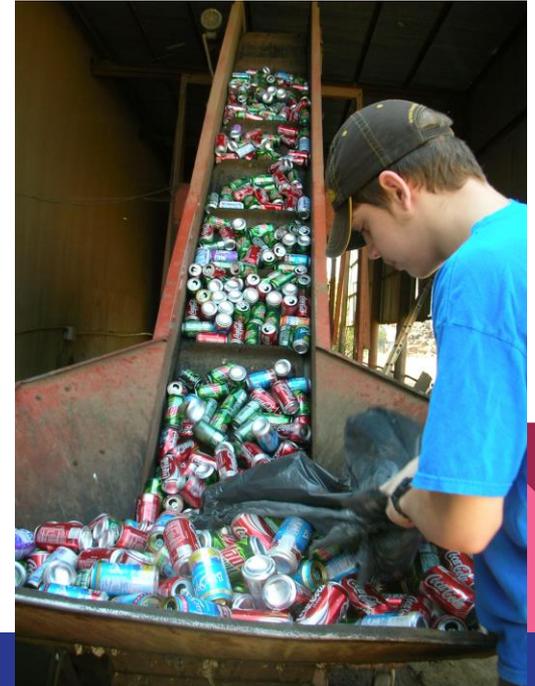

REUSE 
REDUCE
RECYCLE

What's recycling ?

It is the process in which you convert rubbish into new products which are going to be used later.

Reusing plastic and metal

Recycling projects in class.

- In technology class, we have created many models with recycled materials like minions with aluminium cans, jellyfish with plastic bottles...
- These are some pictures of our projects:

RECYCLING ARTISTS

-WASHED ASHORE

-EVA JOSPIN

-ROBERT BRADFORD

-YUKEN TERUYA

-RAMIRO SOBRAL

What happens if you do not recycle?

If we do not recycle all the inhabitants may die intoxicated.

It can cause a permanent damage to the ozone layer
